Dear Parent/Guardian,

Rescue Union School District will continue to provide free meals to all students for the 2021-22 school year, and families are no longer required to submit a federal meal application to participate. Instead, ALL families, regardless of family income, are asked to complete a School Education Benefit Form this year. We sent this information out in August but with the October 31, 2021 state deadline approaching we wanted to gently remind you of the importance of ALL families completing this form.

We are asking for your assistance to assure that our schools continue to receive all of our eligible State funding to support student programs. Due to changes in how the State collects information regarding participants in our breakfast/lunch service program, we are in jeopardy of losing considerable State funding.

Even if your student(s) may not take advantage of these services, completing this form will assist our schools to continue qualifying for grants that support every school in Rescue Union. We ask you to take 2 minutes to complete the survey at this link: <https://family.titank12.com/income-form/new?identifier=7Q4S3M>

We appreciate your assistance in helping our schools continue to qualify for all eligible funding.

Most Sincerely,

Michele Williamson

Coffee and treats will be available in the library at 3:30 on Tuesday 10/26 if you would like to stop by and talk to me. Our Superintendent will be stopping by as well.
